

HARM REDUCTION MATTERS

Creating a Safer and Healthier Environment For Drug Endangered Children

Harm reduction services benefit vulnerable children by reducing risks and improving health outcomes, benefiting both individuals and communities.

HARM REDUCTION MATTERS

To mitigate the effects of ACEs on vulnerable children and youth, it is essential to implement harm reduction strategies in the community.

SafeStreetsWichita

safestreets316

HARM REDUCTION MATTERS

Introduce educational programs in schools to raise awareness about substance misuse and other harmful behaviors.

SafeStreetsWichita

HARM REDUCTION MATTERS

Increase funding for after-school programs and culturally relevant recreational activities to provide positive alternatives for youth in high-risk areas.

SafeStreetsWichita

safestreets316

HARM REDUCTION MATTERS

Provide professional training that addresses child abuse and neglect with a focus on cultural sensitivity and a framework rooted in social justice.

SafeStreetsWichita

safestreets316

HARM REDUCTION MATTERS

Support the implementation of harm reduction policies such as needle exchange programs and safe injection sites to address substance use disorder with compassion and practicality.
